## TIPS FOR TAKING THE TOUR:

**Tour is Rain or Shine!**

**Look for the red tomato signs** to help get you to your destination.

**Bring a cooler and cash!** (some farms may not accept debit or credit cards)! You'll be able to buy produce, eggs, cheese, meat, and other products at many of the farms.

**You will only be able to visit 3 to 4 farms a day.** Factor in driving and touring time to allow 1-1.5 hours for each farm. Farms are clustered by region to help minimize driving time.

**Don't forget to charge up your GPS device or Smartphone.** Visiting rural farms can mean these devices won't have a signal, so planning your route in advance is another good option.

**Keep a close eye on curious kids!** Remember that these are working farms with electric fences and heavy equipment.

**Wash up!** Please take time to wash your hands after petting an animal. Hand washing stations will be provided at farms with livestock. You may also be asked to disinfect your shoes or wear booties in order to prevent farm-to-farm transmission of germs that may affect livestock.

## Farm Tour Rules
